Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

The reason that i have this phone now is because i cannot afford the expense of the other companies. Raising my monthly costs will make this even harder to keep than it already is and i will be unable to have a phone for emergencies . Considering that the number of pay phones have diminished over the last few years because of cellular service, it is sometimes impossible to find a phone close when you need it most.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
